

Product Enhancement Notice
E-Disk[®] Altima[™] 2.5" PATA Board
Enhancement
PEN-MK-003-00
November 2, 2010

Overview

Effective November 2, 2010, all E-Disk[®] Altima[™] 2.5" PATA Solid State Drives will be shipped with an enhancement on its printed wiring assembly (PWA). This enhancement is made to lower the power consumption and heat dissipation of the drives.

Affected Products

E-Disk[®] Altima[™] 2.5" PATA Solid State Drives Model: E2A133BL

Details of Changes

The following changes are made on the E-Disk[®] Altima[™] 2.5" PATA Solid State Drives printed wiring assembly:

From	To
2.5 V linear regulator	2.5 V single chip switching regulator
1.8 V linear regulator	1.8 V single chip switching regulator
1.2 V linear regulator	1.2 V single chip switching regulator
PATA Printed Wiring Board (PWB) v2	PATA Printed Wiring Board (PWB) v3

Date of Implementation

Effective immediately, the above enhancement will be applied to all E2A133BL production units.

Recommendation

Should you still prefer the previous board version of the E-Disk[®] Altima[™] 2.5" PATA Solid State Drives, kindly contact your BitMICRO Sales Representative.

Warranty Information

BitMICRO Networks, Inc. standard warranty of one (1) year applies to all production units mentioned above.

Additional Information
